Hello, I am with simply leisure and we were on the agenda for the TAC meeting this morning. Unfortunately I was unable to make the meeting to hear any concerns or questions you may have had with the greenhouse project we are proposing. After speaking with Kevin Todd today he said I could contact all the TAC members and see if you could send me a list of all of your concerns or questions for this project. If you don't have any issues could you still send an email stating that you have no complaints with the project. Again I am sorry I was unable to attend the meeting this morning. If you have any questions you can call or email me my direct line is 317-504-6767

Thanks Randy,

We need to have an erosion control plan submitted for this project. This plan needs to show the locations and details for any erosion control practices. Since the total area of disturbed land is less than 1 acre then you won't need a rule 5 permit from IDEM. This plan needs to designate an area for a concrete washout, show inlet protection for the existing storm inlet, provide an area for a construction entrance and include details for each of these.

How will the greenhouse drain?

Is the storm inlet on the northwest side of the courtyard, under the tree, existing or proposed?

Is there going to be any irrigation in the greenhouse?

RE: Insects Limited Greenhouse Addition

Dear Mr. Farley:

We have reviewed the submittal to the Hamilton County Surveyor's Office on February 2, 2010, for this project and have the following comments:

1. The proposed project falls in the incorporated area and MS4 jurisdiction of the City of Westfield.
2. The proposed project falls in the Cool Creek Regulated Drain Watershed.
3. This proposed project DOES NOT fall within a Westfield Wellhead Protection Zone.
4. The proposed project will be a minimal increase in stormwater runoff from this site and should be covered in the site master drainage plan.
5. No permits will be needed from our office.

Should you have any questions, I can be reached at 317-776-8495.

Sincerely,

Greg Hoyes, AC, CFM, CPESC
Plan Reviewer

Hello, I am with simply leisure and we were on the agenda for the TAC meeting 2/16/10 @ 9:00 a.m.. Unfortunately I was unable to make the meeting to hear any concerns or questions you may have had with the greenhouse project we are proposing. After speaking with Kevin Todd today he said I could contact all the TAC members and see if you could send me a list of all of your concerns or questions for this project. If you don't have any issues could you still send an email stating that you have no complaints with the project. Again I am sorry I was unable to attend the meeting this morning. If you have any questions you can call or email me my direct line is 317-504-6767

Our closest line crosses at SR 32 and Springmill, the other line runs through Clay Center in Carmel.
Thanks!
